About River Deep Foundation

River Deep provides opportunities for recreational outings and activities to veterans and other individuals who have suffered a life-changing spinal cord injury, traumatic brain injury, post-traumatic stress disorder, or other trauma with the goal of helping them heal, re-acclimate and re-engage in life. Each outing also provides veterans and their families with the opportunity to relax and enjoy the outdoors, network with other veterans and families, experience camaraderie and learn about resources in a supportive environment. River Deep is dedicated to providing the highest quality experiences possible and we work diligently to tailor design events that specifically target the physical, social and emotional needs of our participants. In 2018 River Deep provided 724 program service hours, 11,781 participant hours and 42 events to 623 participants.
