

River Deep Alliance Outing Report

www.riverdeepalliance.org
Bob Adwar bob@scihop.org

The programs in River Deep Alliance all focus on healing and support from physical, psychological or emotional injuries and trauma sustained during military or civilian life. This is accomplished through activities and services that enable an individual to re-acclimate and re-engage in life. A positive outlook is crucial in the healing process and these activities and services have proven effective for improving outlook and day-to-day quality of life.

Group outings are funded, planned and organized by River Deep with assistance from the SCI Humanitarian Outreach Program (SCI HOP) who handles much of the logistics.

June 8, 2019

Location: Denver Fencing Center, Denver, Colorado

Hosted By: River Deep Alliance and SCI HOP

Participants: Craig Hospital and Operation TBI Freedom

Last Saturday we had a group of adults and children for our fencing class at the Denver Fencing Center. The instructors gathered everyone together and began with the basic instructions. After that, we suited up, and the fencing matches started. The scoreboard was turned on, which added more incentive for the fencers. It's a workout, but everyone is having a great time.

A big thanks to the staff at the Denver Fencing Center and volunteers.
