Archery Instruction

Everyone had a fun day of archery instruction using traditional bows. For some it is their first participating in archery. Others have been here with us on previous outings. Regardless of one's experience, RMS gear staff always has expert instruction and tips make you better. Some family members joined us today too! The kids all seem to be quite empowered when wielding a bow. They were very focused on learning how to make their arrows hit the bullseye. A big thanks to all the participants, volunteers, and as always fantastic staff.
