Art Class - Rattle Pinch Pots with Surface Design

What a great night getting creative with clay! Our instructor, John, was a pro and took his time to demonstrate the process step by step. Following a wonderful demonstration, everyone jumped in and began creating their masterpieces. After molding their pots into the desired shape, the participants painted their creations. It was beautiful to see everyone's unique designs. All of the participants had a great time during this art class. A big thank you to the Art Students League of Denver and their awesome staff!
