## LETTER FROM THE DIRECTOR

Dear River Deep Supporter,

We are proud to wrap up another fiscal year (October 2021-September 2022) of programs that help to re-enable our participants and improve their outlook on life. We are in a constant state of learning and connecting and growing. Below are just a few of the highlights from this last year that are expanded upon in this report.

We increasingly understand that the chance for families and caretakers to share in the experiences we offer is a benefit to everyone. Whether a veteran wounded in combat, or an individual who became injured and disabled during everyday life, adjusting to a new reality can be an isolating path. Involving the whole support system allows everyone to heal together and is a great benefit to our clients. We are so grateful to our outfitters for helping to make that happen where possible.

Please help us welcome two new board members, Dave Loucks and Neil Mayday. Dave, a CPA has known our president Chris Dundas for about ten years. I have known Neil Mayday for about twenty years and he is a successful small business owner. Both Dave and Neil have attended and supported our fundraisers for several years and they each reached out to see how they could further help our mission.

Through our connection with Kronke Sports and Entertainment who owns Ball Arena, Paramount Theater and Dicks Sporting Goods Park, we were able to receive free tickets to sporting events and concerts that we passed along to our clients! This is a fun addition to our roster of experiences, and we look forward to an ongoing relationship with them.

We remain closely involved with Quality of Life Plus through our Alliance Program who is working with several universities to develop new or improved adaptive equipment. River Deep Foundation and other Alliance organizations help identify needs and test the equipment as it is developed. The adaptive equipment helps individuals participate in new activities or ones they used to enjoy, some of which we offer like SCUBA and Fencing. The connections made through this Alliance have resulted in amazing collaborative projects that help all our clients, proving the value of cooperation among like-minded nonprofits.

Sending a huge thank you to every one of you. Our network of supporters is small but mighty. We are always open to connections and referrals to help expand our outreach. Special thanks to Robert Smith for your continued investment in the lives of veterans and other individuals with disabilities.

Sincerely,

A handwritten signature in black ink, appearing to read 'Bob Adwar'.

Bob Adwar, Executive Director

## OUR MISSION

The River Deep Foundation is dedicated to helping military veterans and other individuals who have experienced physical, emotional or psychological trauma—and those who assist them—to heal and re-engage in life through adventure, recreation and a network of support.

## OUR PROGRAMS

We provide group recreational outings to military veterans and others with disabilities. Activities include everything from fishing and hunting to art and cooking classes. Each outing is run with the goal of facilitating healing through active re-engagement in life.

We help support our mission and programs through collaboration with an alliance of like-minded non profits. These stand alone 501c3 non profit organizations share knowledge and ideas with the goal of providing more efficient and effective programming and outreach to our often overlapping client base.

## OUR STORY

Over twenty years ago, small business owner and outdoorsman, Bob Adwar, became very involved in the local Denver Chapter of SCI as their Humanitarian Outreach Chairman. Wanting to share his love of the outdoors, he began working with Craig Hospital, the nation's premier spinal cord injury rehabilitation hospital to bring patients on fishing and hunting outings. The goal was to provide a relaxing day in the outdoors and show patients what they could accomplish, despite their new limitations brought on by their spinal cord or traumatic brain injuries.

As injured and traumatized soldiers began to return from war zones in need of physical, psychological and emotional healing, the program expanded and started reaching out to veterans groups, increasing participation by veterans on our outings.

Over the years, the number of outings, participants, and collaborations with other nonprofits increased. It became clear that there was a need to organize as a stand alone organization for clearer branding, communication and outreach. With the help of a generous donation by philanthropist Robert F. Smith we were able to establish the River Deep Foundation and have been operating as such since 2017.

## OUR GUIDING PRINCIPLES

1

### FAMILY PARTICIPATION

We understand that if an individual is in crisis, the family is in crisis. We incorporate participation of families in our programs wherever possible.

2

### CONSISTENCY

We provide **diverse, year-around opportunities** for participants so they can avoid returning to a state of crisis and despair.

3

### INSTRUCTION

We believe in providing an **instructional foundation that** enables clients to explore new interests or start a new hobby with the confidence to build on their experiences.

4

### DIGNITY

We believe in **positive and inclusive experiences**. Each individual is treated with dignity and encouraged to enjoy each experience without pressure.

5

### COOPERATION

We believe in the **power of cooperation**. The collaboration within our alliance allows us to offer more resources to our mutual client base and provide a sense of community.

## ROBERT F SMITH

River Deep Foundation was made possible through the generosity of our primary foundation donor, Robert F. Smith. Smith is also the founder of Anglers of Honor, which is closely involved as a River Deep Alliance member and hosts our fly fishing outings.

Robert F. Smith was introduced to the majesty and tranquility of the Colorado wilderness as a child by his family, who have lived in and explored the state for four generations. For Smith, spending time outdoors with his parents helped him to realize vital family connections and his sense of place in the world. Smith is the Founder, Chairman and CEO of Vista Equity Partners (Vista), a leading global investment firm investing exclusively in enterprise software, data and technology-enabled businesses.

Many Anglers of Honor events take place in the Lincoln Hills watershed, in which Smith is also intimately involved. As a co-founder of Lincoln Hills Cares Foundation, Smith helps to preserve not only the area's tradition of inclusivity, but also to protect the spot as an oasis for Denver-area urban residents seeking a natural respite for generations to come.

Smith's connections to Colorado run deep and continue to inspire his philanthropic outreach and devotion to giving back to the community. One of the four tenets of the Fund II Foundation, of which Smith serves as founding director and President, is the preservation and accessibility of the environment and promotion of outdoor education. Smith understands the benefits to health and well-being the natural world can bring to all people regardless of age, ability, race or background. That's why Smith is an avid supporter of Anglers of Honor, providing therapeutic fly fishing experiences to U.S. veterans.

Smith's philanthropic efforts are focused across a variety of sectors with the environment and education being at the forefront of his giving. Smith joined leading CEOs in signing the Business Roundtable's recommendation that the U.S. innovate to head off climate change. He has aided the Trail Foundation in Austin, Texas, in their drive to preserve a cherished city trail. Smith also helped to bring outdoor education to Morehouse College with a gift enabling the school to purchase land for a park. Smith uses his engineering background to guide both his business and philanthropic efforts, as he looks to the innovative and inclusive solutions that science and technology can drive at scale to create a better world.

Smith's vision and influence is felt through his leadership of Vista, which encourages its companies to support community initiatives in their employees' neighborhoods. Vista empowers communities by supporting nonprofit organizations such as Anglers of Honor. Vista, with a handful of its Denver-based portfolio companies, helped sponsor a STEM-style SmartLab for students in an underserved neighborhood. Smith's donations to his alma

maters, Cornell University and Columbia Business School, and to Student Freedom Initiative, a nonprofit dedicated to providing freedom in professional and life choices for students attending HBCUs and other MSIs, are part of his vision of an inclusive and diverse future.

Learn more about Robert F. Smith’s philanthropy by following him on Facebook, Instagram, Twitter, LinkedIn and YouTube.

## OUTINGS PROGRAM

For individuals with a debilitating injury or trauma, daily life can be stressful and isolating. The stress and isolation can, in turn, lead to depression, anxiety, hopelessness, despair and, in far too many cases, suicide.

River Deep organizes and implements recreational outings—often in the outdoors—with the goal of breaking this cycle, if even for a short amount of time. We strive to provide a few hours of peace, relaxation, camaraderie, fun and learning in a safe, supportive environment. These outings are shown to have a positive effect on the individual, greatly improving one’s outlook and willingness to reengage in life, which helps facilitate the healing process. The River Deep Foundation funds and organizes these group activities.

Most of our outings have some aspect of instruction and can be enjoyed equally by novices and experienced individuals alike. Our current roster of activities includes classes like blacksmithing, archery, art, cooking, Equine-Assisted Learning, fencing, fishing, SCUBA and trap shooting. Others are more “adventure” based like hot-air ballooning, camping, hunting, and river float trips. We continue to include families and caregivers on

outings where safely possible. We do this to create a shared experience and connection in an environment free of daily stressors. A positive outcome for a participant would include developing an interest in a new hobby based on these experiences. Additionally, to further pursue a hobby in their own time and connect with others over a shared interest and as a means to self-care.

We offer large variety of year-round activities and we encourage clients to attend as many as they can in order to build community and stay engaged. Our hope is, that by having a reason to leave the house on consistent basis, an individual may be kept from slipping back into a state despair.

Additionally, we find that there are benefits when Craig Hospital patients—who were not injured in a military setting—and Veterans, co-attend outings. Interactions between these individuals can provide meaningful connections, perspectives, and opportunities to assist one another. For instance, the added help from strong, able bodied veterans in transferring individuals in and out of wheelchairs when needed is one way the groups interact. While *comparing* one injury or struggle to another is not helpful, the perspective gained from witnessing the daily challenges of another can lead to an improved understanding and motivation to overcome ones own hardships.

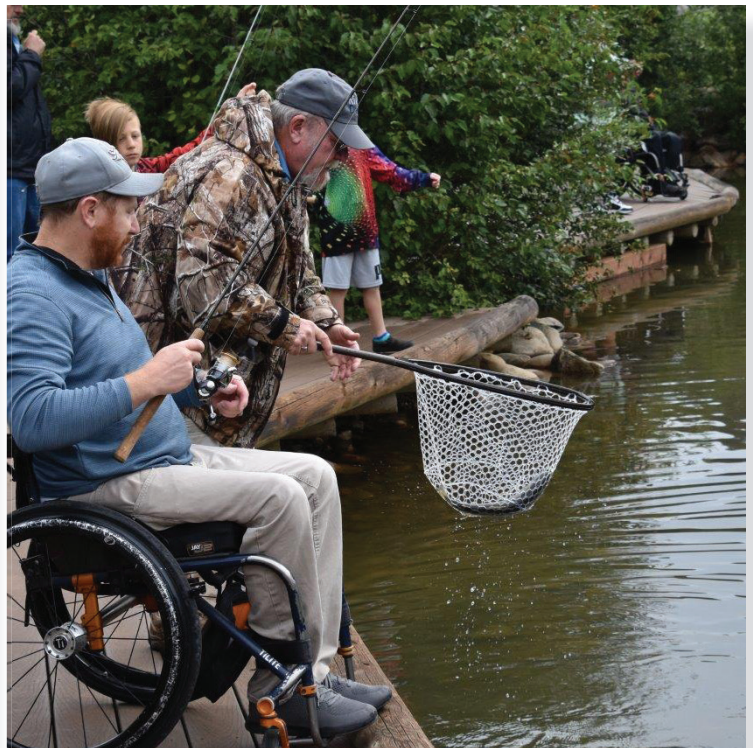

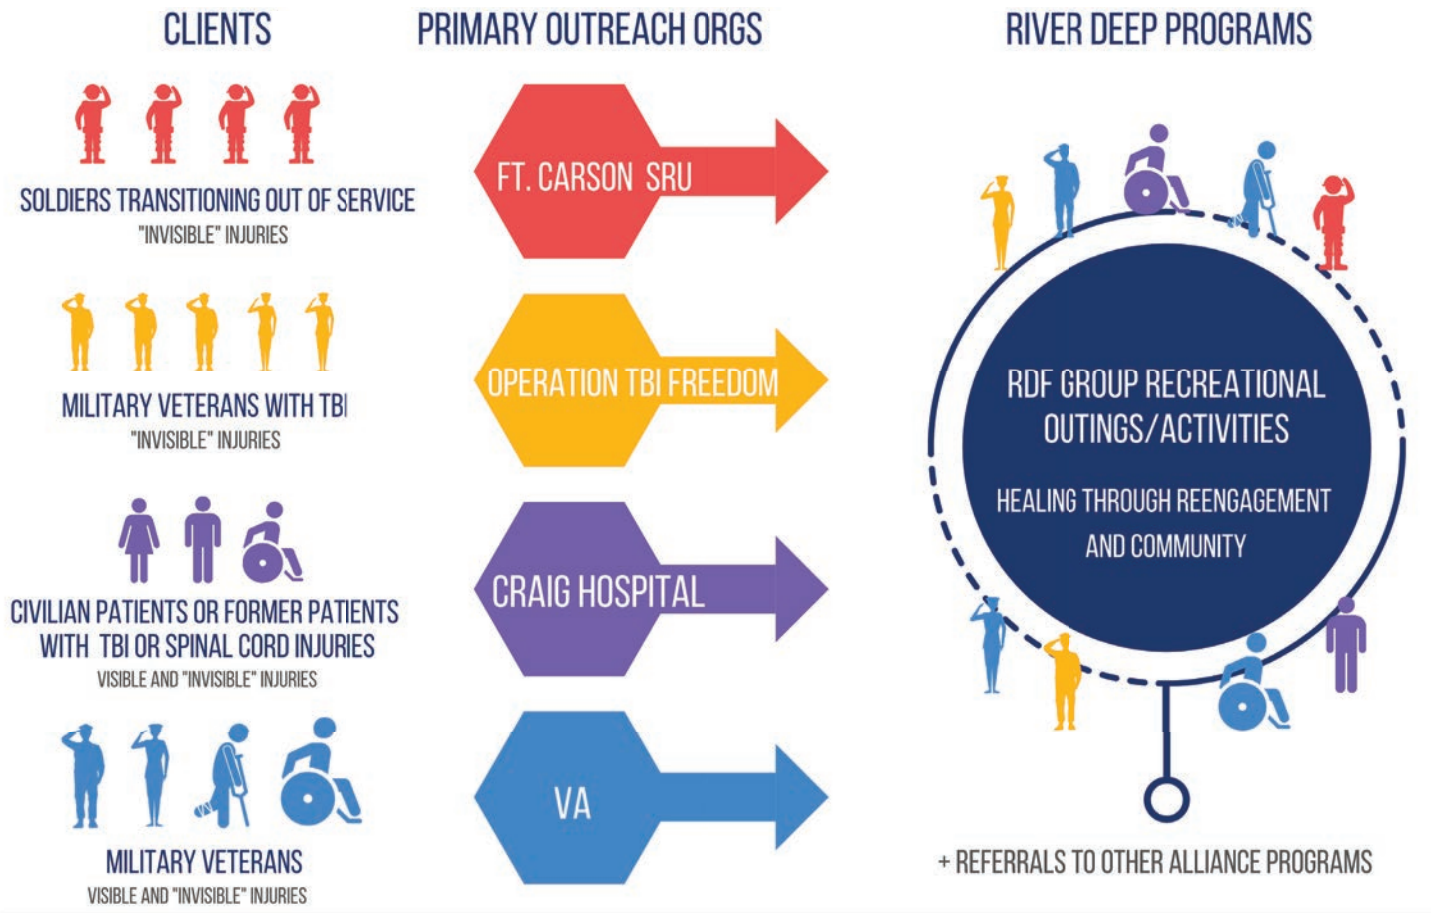

### Client Outreach

Most of the outing participants are referred directly through case managers at organizations like Craig Hospital, Operation TBI Freedom, the Fort Carson Soldier Recovery Unit (SRU) and the VA Hospital. These case managers are in daily contact with their clients and know who can benefit from time in a fun, group environment. They help communicate the availability of these opportunities, encourage attendance, and follow up with their clients. We and the case managers strongly believe that *ongoing* participation in our programs is important to maintaining a positive outlook and outcomes during their healing process.

# CLIENT OUTREACH

# OUTINGS PROGRAMS

## FLOAT and FISH TRIPS

Float and fish trips are offered in various locations by generous outfitters. We have floated rivers in Colorado, New Mexico and Montana with veterans and with former Craig Hospital patients who are confined to wheelchairs.

## FENCING

Denver Fencing Center provides fencing instruction to both veterans and Craig Hospital patient participants.

## BLACKSMITHING

Kilroy's Workshop in Colorado Springs hosts an Introduction to Blacksmithing workshop where participants forge their own blade.

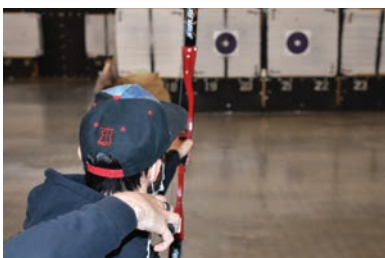

## FAMILY FISHING & FUN DAYS

The Swift Ponds facility at Colorado Youth Outdoors Facility is the perfect setting for a day of relaxation with families. The days includes fishing, boating, archery, lunch and community building.

## HUNTING/TRAP SHOOTING

A variety of outfitters host us for hunts including pheasants, doves, turkeys, elk and wild hogs.

## ARCHERY INSTRUCTION

RMS Gear in Lakewood Colorado hosts our participants and families for archery instruction.

# OUTINGS PROGRAMS

## TRY SCUBA

Instructors from Denver Adaptive Divers take participants one-on-one through every step in a relaxed and peaceful swimming pool environment.

## COOKING CLASS

Cookbook Author Leslie Fangman holds classes on cooking wild game at the Specialty Appliance showroom in Greenwood Village.

## ART CLASSES

The Art Students League of Denver and Cottonwood Art Center in Colorado Springs offer art classes like drawing, painting, book arts, ceramics and more.

## FISHING OUTINGS

Anglers of Honor and Lincoln Hills Fly Fishing Club provides access to premier waters for fly fishing and instruction. The facility has been restored to allow access for individuals with disabilities so it is perfect for our groups.

## EQUINE ASSISTED LEARNING

The U.S. Air Force Academy Equestrian Center Remount Foundation, hosts Equine Assisted Learning sessions. They help veterans learn and practice coping skills for symptoms of anxiety, PTSD, and depression.

## CAMPING/BALLOONING WEEKEND

The Pikes Peak Ballooning Society hosts a yearly Celebration-of-Honor Balloon Fly for veterans at Eleven-Mile State Park in Colorado. The day before, we host a camping trip for families with fishing and boating then everyone wakes up early to take flight.

# OUTING HIGHLIGHTS

## Camping and Celebration of Honor Balloon Fly Weekend, July 29-30, 2022

In July, River Deep hosted the annual weekend trip to Eleven Mile State Park in Lake George Colorado. Veterans from Operation TBI Freedom, Ft. Carson SRU and their families had campsites with beautiful views of the lake and mountains. On Friday, our activities included boating, fishing, and hiking, and a chance for everyone to become acquainted. In the evening we gathered together for dinner prepared by our friend Marty from Roosters Competition BBQ. With BBQ and camping going hand-in-hand, it was the perfect delicious dinner for our hungry crew. Saturday we rose early and left for the hot-air balloon launch site. Rides were provided compliments of Pikes Peak Ballooning Society. Not only did they provide the beautiful balloons and pilots, they also fed our group! A big thank you to them for their generosity. They made it a fun and memorable experience for everyone who participated!

## Family, Fishing and Fun Days - June 26 & September 10 , 2022

Each year, we invite clients to bring their families out for a relaxing day at the expansive Colorado Youth Outdoors (CYO) facility in Windsor. This is one of our larger events and is always well attended. Everyone spreads out across the facility to enjoy their favorite activity—be that fishing on their choice of stocked ponds, or taking a stab at 3-D archery in which simulated wild animals are used as targets. The CYO archery instructors are there to make sure it is a safe, fun and instructional activity. River Deep guides and volunteers are there for any fisherman, big and small who need guidance. Everyone loves the chance to gather at the beautiful outdoor pavilion for lunch and connect with other families. The All American Beef Battalion provides a generous meal of rib eye steak, hot dogs and all the side dishes. Even the rare gloomy weather doesn't keep this crew from enjoying the day! We are grateful to everyone who continues to make these events successful and fun!

# 2021/2022 PROGRAMMING REPORT

Statistics reflect the fiscal year of October 1, 2021- September 30, 2022.

## Programs

Archery Instruction: 5

Art Classes: 22

Blacksmithing: 12

Cooking Class: 3

Equine Assisted Learning: 8

Family Fishing and Fun Days: 2

Fencing: 2

Fly Fishing: 4

Holiday Party: 1

Hunting: 5

Try SCUBA: 6

Ballooning and Camping Weekend: 1

River Float and Fishing Trips: 1

**Total Programs: 72**

We generate outing reports after each program with a written detailed summary and photographs that are posted to our website, social media and sent to stakeholders.

## Program Participants

**Total Client Participants: 895**

*(Includes clients and family members)*

**Total Overall Participants: 1211**

*(Includes support staff, defined as volunteers, guides, instructors, and other non-client attendees)*

## Breakdown

Military -

Veterans: 382

Active Duty: 85

Craig Hospital Patients: 71

Craig Hospital Alumni & Others with Disabilities: 27

Family Members: 330

Support Staff: 316

## Programming Hours

**Total Program Hours: 368**

**Total Client Participant Hours: 6352.50**

*(Includes clients and family members)*

**Total Overall Hours: 8,211**

*(Includes staff, volunteers, guides, instructors, and other non-client attendees)*

*Numbers reflect total attendance rather than attendance by an individual participant (eg: if an individual client or staff member was at 2 outings they are reflected 2 times in these numbers).*

# PROGRAM EVALUATION

River Deep is dedicated to providing the highest quality experience possible for our program participants. We work diligently to tailor and design events that specifically target the physical, social and emotional needs of our participants. In an effort to make the River Deep experience effective and positive, we are continually evaluating and measuring our impact through informal check-ins with participants and family members/caregivers, as well as through a more formal survey at the end of each outing. Case Managers from our outreach organizations are also consulted as they attend events and speak to clients regularly. We revise this evaluation process as we learn, in order to portray the most accurate impact of the programs. We use the feedback to help us refine and enhance the experiences for clients and to qualify and quantify the impact for stakeholders.

We routinely receive glowing testimonials and accolades through our informal check-ins with participants. Below are the results from our formal evaluation tool. On a scale of 1 (Strongly Disagree) to 3 (Strongly Agree) participants reported the following average scores after attending outings during the 2021/2022 Fiscal Year:

## Program Survey Results

*Based on 138 Total Surveys Received*

<b>At todays outing...</b>	<b>Average Response</b>
<b>I had positive interactions with my peers:</b>	<b>2.97</b>
<b>I had positive interactions with my family and/or caregivers:</b>	<b>2.81</b>
<i>41 individuals responded to this question. The other's were not applicable as they did not have anyone accompany them to the outing.</i>	
<b>After today's outing I feel encouraged about trying other activities</b>	<b>2.99</b>
<b>Today's events was enjoyable for me:</b>	<b>2.99</b>

## FUNDRAISING EVENTS

We enjoyed connecting with our supporters at our two big annual fundraising events. The Sporting Clays Fundraiser at the beautiful Kiowa Creek Sporting Club raised \$10,370. The Golf Tournament Fundraiser at Meridian Golf Club brought in \$18,070. Additionally, the Denver Chapter of SCI held a "paddle raise" during their Annual Banquet. River Deep Foundation was born out of this chapter's Humanitarian Outreach Program and their ongoing support is a vital part of our success. The paddle raise campaign reached \$15,000, all of which was donated to our organization.

We are so grateful to the generous sponsors, donors (including in-kind donors), and participants who come out each year to make these events fun and successful!

## COMMUNITY SUPPORT

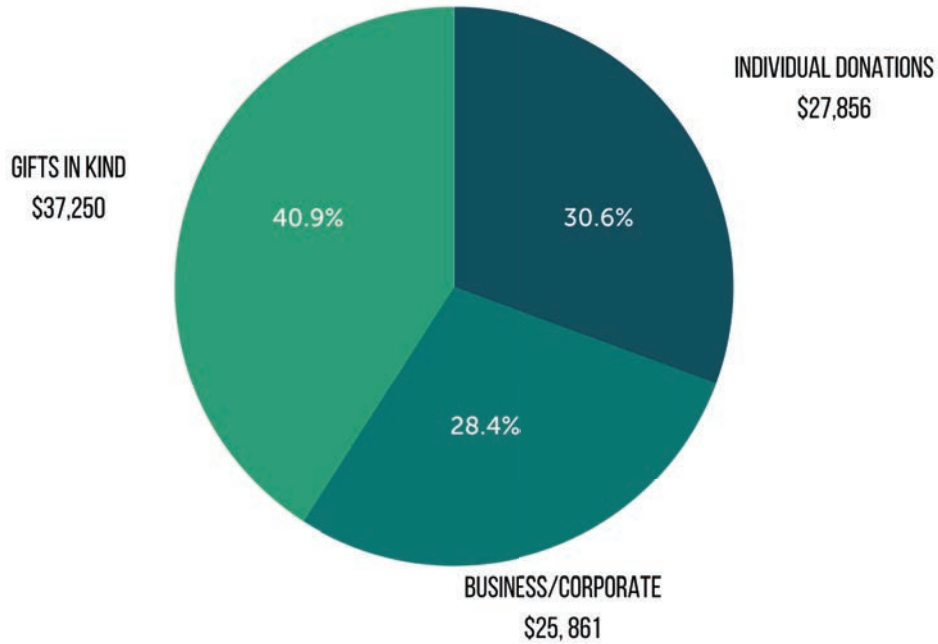

### Retailer Corporate Giving Programs Update

During this fiscal year we continued to benefit from retailer giving programs like Amazon Smile and the grocery programs from King Soopers and Safeway. Unfortunately, as of February 2023, Amazon has ceased their program entirely. Moving forward, River Deep Foundation will only participate in the King Soopers Community Awards Program as it is the easiest for supporters to use and thus provides the most benefit on our end. We encourage those with a King Soopers card to open a digital account and link their card to our organization on the Community Rewards page of their website. Any transactions moving forward using the Shopper's Card number associated with digital accounts will be applied to the program. King Soopers donates annually to participating organizations based on the percentage of spending as it relates to the total spending associated with all participating King Soopers Community Rewards organizations.

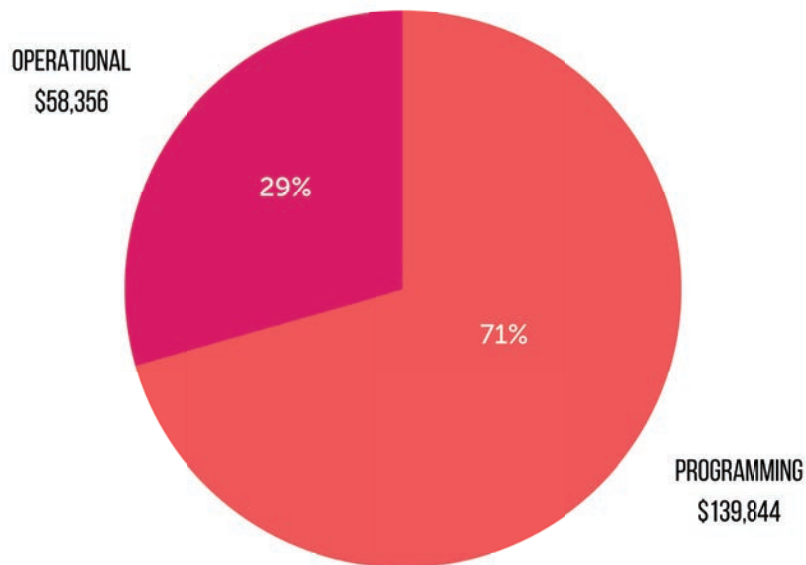

# FINANCIAL REPORT

Fiscal year of October 1, 2021 - September 30, 2022

**REVENUE** TOTAL REVENUE - \$90,968.15 INCLUDING IN-KIND FOR FISCAL YEAR ENDING 9/30/2022

**EXPENSES** TOTAL OPERATING EXPENSES - \$203,828 FOR FISCAL YEAR ENDING 9/30/2022

A very special thank you to Mr. Robert F. Smith for his personal commitment to providing opportunities for deserving individuals. Mr. Smith's generosity makes an immediate difference in the lives of our participants. We greatly appreciate his kindness.

# NEW BOARD MEMBERS

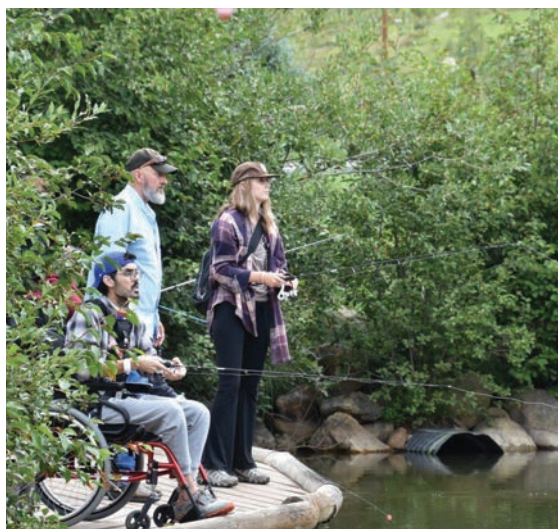

## Dave Loucks

Dave has over 30 years of business experience in public accounting, consulting, and private industry. Dave spent 14 years in public accounting, where he managed audit engagements in the energy and technology industries. Dave was also the CFO of an INC. 500 international software company. Dave co-founded the Assent brand of specialty accounting solutions for the oil & gas industry in 2007, which was sold to Opportune, where Dave works in business development. Dave is a graduate of the University of Denver and is a certified public accountant in Colorado. He is also on the Board of Directors at the Rocky Mountain Victim Law Center and the Colorado Society of CPAs.

## Neil Mayday

Growing up in Michigan, Neil was fortunate to enjoy fishing, camping and the outdoors with his family. After graduating from Northwood University in Midland, Michigan, he moved to Glenwood Springs, Colorado, where he designed custom cabinetry and millwork for residential and commercial ski town developments. In 2009 Neil opened Greenwood Cabinets & Stone, a full service kitchen and bathroom showroom in Littleton. He and his staff work with builders, contractors and homeowners completing numerous projects in metro Denver and throughout the state. His company is involved with the Denver Rescue Mission and Habitat for Humanity. He lives in Castle Pines with wife Wendy, son Nicholas and daughter Sophia who enjoy fishing, biking, snowboarding, golf and the outdoors together. Neil and his family are proud to help enrich the lives of our wounded veterans and those with physical challenges, by experiencing Colorado's great outdoors with River Deep Foundation and Anglers of Honor.

# ALLIANCE PROGRAM

The Alliance program of River Deep is the collaborative arm of the organization. The program brings together a group of like-minded stand-alone nonprofits who each work in their own way to help clients on their path to healing. The groups operate under a shared understanding and commitment to collaborate for the health of their organizations and ultimately the good of their clients. Additionally, members connect their clients directly to the RDF outings program so they can enjoy the recreational activities we offer as our client bases often overlap.

Representatives from each organization meet quarterly to share knowledge and ideas and discuss ongoing and future cooperative projects. Below is the roster of participating Alliance members from this fiscal year.

## Anglers of Honor

Anglers of Honor (AoH) is dedicated to sharing world class, therapeutic fly fishing experiences with military service personnel and individuals with physical disabilities.

## Bellevue Spine and Wellness

Bellevue Spine and Wellness offers 12 free chiropractic adjustments per lifetime for Veterans who do not have VA benefits or other insurance that covers Chiropractic.

## Comeback Yoga

Comeback Yoga is a Denver-based 501(c)3 nonprofit that delivers free yoga classes to help military personnel, their families and supporters

## Craig Hospital

Craig Hospital is a world-renowned rehabilitation hospital that exclusively specializes in neurorehabilitation and research for individuals with spinal cord injury and brain injury.

## Denver Adaptive Divers

Denver Adaptive Divers (DAD) is a Colorado 501c(3) organization that provides support, education, specialized training and dive travel to qualified individuals with physical disabilities to enable them to become an integral part of the sport of scuba diving

### Operation TBI Freedom

As the military program of Craig Hospital, Operation TBI Freedom (OTF) provides support for Veterans and active duty military personnel with traumatic brain injuries.

### Quality of Life Plus (QL+)

Quality of Life Plus' (QL+) mission is to foster and generate innovations that aid and improve the quality of life for those who have served our country. To accomplish this they work with engineering students at top universities on specific adaptive challenges, improving on current designs or creating new ones.

### Denver SCI Humanitarian Outreach Program

The outings program was initiated 20 years ago as a part of the Denver Chapter's Humanitarian Outreach Program (SCI HOP). Safari Club International (SCI) is the leader in protecting the freedom to hunt and in promoting wildlife conservation worldwide.

### Victory Service Dogs

Helps disabled veterans, first responders & children gain an improved quality of life through the partnership of a loving service dog.

## RIVER DEEP ALLIANCE MEMBERS

# ALLIANCE PROGRAM HIGHLIGHTS

Alliance member Quality of Life Plus is working on several exciting adaptive equipment projects at universities with the assistance of other Alliance members who help identify needs, communicate with the engineering students and test the equipment. These collaborations came about through the connections made through this group. River Deep is thrilled to be a catalyst for innovation that changes lives.

Students at Norwich University in Vermont are working on "High Roller Dice", which will specifically allow Quadriplegics to roll dice and play games with others. CU Boulder students are working on a Frisbee Golf device that will install on a wheelchair and act as a "thrower", much like a previously developed trap shooting device so individuals with disabilities can play with others out on the course. CU students are also creating a removable trailer for a vehicle that will allow for a user to self-load and unload a recumbent bicycle and more easily transfer to and from a wheelchair to the bicycle. The students at School of Mines in Golden, Colorado are working on an adaptive glove for the sport of fencing. This will allow people who have limited use of or limited strength in their hand to hold one of the three types of fencing swords, opening up the ability to participate in this sport. The University of South Florida is working on a device for SCUBA diving. This device will measure and monitor heartbeat and blood pressure in real time, sending the information back to a dive computer, monitored by another diver. Our Alliance member, Denver Adaptive Divers, will utilize this device to study the physical and emotional benefits of SCUBA diving for individuals with Traumatic Brain Injuries and PTSD and to monitor if they to go into distress while diving so that assistance can be provided.

## OUTFITTERS

Our partners and outfitters are a vital part of our programming and we would like to acknowledge their assistance in making our outings successful.

Allen Strong, Nebrado Farms–Holyoke, CO  
Art Students League of Denver  
The Art of Cooking Wild Game – Thornton, CO
