

River Deep Alliance Outing Report

www.riverdeepalliance.org
Bob Adwar bob@scihop.org

The programs in River Deep Alliance all focus on healing and support from physical, psychological or emotional injuries and trauma sustained during military or civilian life. This is accomplished through activities and services that enable an individual to re-acclimate and re-engage in life. A positive outlook is crucial in the healing process and these activities and services have proven effective for improving outlook and day-to-day quality of life.

Group outings are funded, planned and organized by River Deep with assistance from the SCI Humanitarian Outreach Program (SCI HOP) who handles much of the logistics.

May 28, 2019

Location: Remount Foundation, U.S. Air Force Academy Equestrian Center, Colorado Springs, Colorado

Hosted By: River Deep Alliance and SCI HOP

Participants: Craig Hospital & Operation TBI Freedom and Ft. Carson WTB

River Deep Alliance just started our new program of equine assisted therapy/ recreational therapy which provided veterans a chance to learn about equine assisted therapy. Jeanne Springer from Remount Foundation, and her staff started us with a simple herd observation and grooming exercise. We had a brief therapeutic discussion at the end of the exercise before getting ready for the trail ride. The trail ride was an amazing experience for all the participants even for those that had rode before.
