

River Deep is a newly established collaboration of like-minded organizations working exclusively to serve individuals with disabilities, many of whom served or are serving in the military. Their common goal is to acclimate, enable and engage their clients as a way to assist in the healing process, improving outlook and quality of life.

SCI HOP is a program within this collaboration that organizes group outings for clients across all the organizations to help toward this goal.

Archery for Craig Hospital and Operation TBI Freedom

This past weekend, River Deep and SCI HOP hosted an archery event at RMS Gear for Craig Hospital and Operation TBI Freedom. Tom and the expert staff from RMS Gear instructed our group on both recurve and compound bows. We had a big group of wounded warriors and Craig Hospital patients, all enthusiastic and ready for some fun on the range. Arrows flew and smiles were everywhere as all the archers received one-on-one skilled instruction. From the looks on their faces, many have found a new sport.

It's a great day and going to get better thanks to Hardi and Kim, owners of The Ranch at West 40 restaurant in Lakewood. They provided a Mexican gourmet lunch for everyone at the event. What an amazing time had on Sunday!

A big thanks to Tom and the staff at RMS Gear, Craig Hospital, The Ranch at West 40 restaurant in Lakewood, and all the volunteers.
