## Blacksmithing

An amazing time with a group of four veterans learning about the fundamentals of blacksmithing this weekend. Our Master Blacksmith, Ron Hardman, took time to ensure that everyone was prepared for the class. First, they learned a little bit about the history of blacksmithing. Then, the four veterans put all the skills they learned to practice. Each participant made a knife to take home! Hopefully, the handmade knife will make a good mother's day present. Once again, everyone had a wonderful time at Kilroy's workshop.
