Blacksmithing

This outing was another amazing blacksmith class with a group of veterans excited to learn about the fundamentals of blacksmithing. The Master Blacksmith of this class was Ron Hardman, who took the time to work with each student to ensure everyone understood the concepts of blacksmith. With his guidance, all of the participants were able to participate in the workshop. Ron demonstrated how to create a Viking knife; all of the veterans were excited to make one for themselves to take home!
