Participants: Operation TBI Freedom

Blacksmithing Class

This weekend we had an amazing time with a group of four veterans learning the fundamentals of blacksmithing. Our Master Blacksmith, Ron Hardman took his time to make sure everyone understood what to expect from the class. First they learned a little bit about the history of blacksmithing. Then came time to learn some skills and put them in practice. Each participant created a knife to take home. We are excited to have this new opportunity for learning and look forward to the next classes.
