Try SCUBA with Denver Adaptive Divers

The swimming pool was full this evening with veterans who were excited to learn about SCUBA diving and see what it's like to breathe underwater! The Denver Adaptive Diver instructors are highly trained and experienced so they make sure everyone is safe and having a good time while learning basic diving skills. At the end of the class the participants were asked about their experience, how they enjoyed their time underwater and if they would like to continue with future instruction. Everyone answered yes! A big thank you Denver Adaptive Divers and their wonderful staff.
