

River Deep is a newly established collaboration of like-minded organizations working exclusively to serve individuals with disabilities, many of whom served or are serving in the military. Their common goal is to acclimate, enable and engage their clients as a way to assist in the healing process, improving outlook and quality of life.

SCI HOP is a program within this collaboration that organizes group outings for clients across all the organizations to help toward this goal.

**Location:** Colorado Youth Outdoors, Windsor, CO.

**Hosted By:** River Deep and SCI HOP

**Participants:** Craig Hospital, Operation TBI Freedom, NoCo Veterans Alliance and Ft. Carson WTB

### **Family Fishing and Fun Day**

This past weekend, River Deep and Denver SCI HOP hosted participants at Colorado Youth Outdoors in Windsor, CO. We had many ponds to fish, a 3-D archery range, and an outdoor pavilion where we had lunch, which was donated by the Escoffier Culinary Academy in Boulder. There were almost 100 people in attendance, including adults, children, volunteers, and guides.

The skies were overcast which was good for fishing, but we had rain showers which came and went throughout the day. Everyone spread out, some went to the ponds and some went to the archery range. Some caught fish and some preferred to sling arrows. Either way, it was a great day in a beautiful surrounding.

At lunchtime the group headed to the pavilion which is located on one of the ponds, so people could have lunch and fish at the same time. The Escoffier Culinary Academy always does a great job providing a delicious meal. After lunch it was back to the activities. It's been a great day and a big thanks to all who helped make it possible.
