

River Deep is a newly established collaboration of like-minded organizations working exclusively to serve individuals with disabilities, many of whom served or are serving in the military. Their common goal is to acclimate, enable and engage their clients as a way to assist in the healing process, improving outlook and quality of life.

Contact: Bob Adwar bob@scihop.org

SCI HOP is a program within this collaboration that organizes group outings for clients across all the organizations to help toward this goal.

February 9th, 2019

Location: RMS Gear, Wheat Ridge, CO.

Hosted By: River Deep and SCI HOP

Participants: Craig Hospital & Operation TBI Freedom

Archery & Lunch

We have a great turnout today, fifty people including staff and volunteers. Some have been here before and some are here for their first time. Most importantly, everyone is excited about learning or gaining new skills from the expert staff at RMS Gear. We start with the range rules and the fundamentals of shooting traditional bows. Some have brought their compound bows and will be instructed with the skills that are specific to them. Everyone moves up to the shooting line with their instructors, and arrows fly towards the targets. All the participants have big smiles on their faces as they are having a great time learning a fantastic sport. At lunch time, we are treated to a tasty meal provided by Ranch West 40

It's been a great day, and a big thanks to the expert staff at RMS Gear, the Ranch West 40 and all the volunteers who made this wonderful art class possible.
