Basic Drawing Art Class with Operation TBI Freedom

We had an amazing time at the Cottonwood Center for Arts in Colorado Springs. Our instructor LeAnna did a great job teaching our clients the basis of drawing. They learned how to draw with pencil; worked on different ways of shading and highlighting; how to shape and scale what they want to draw. Everybody was amazed at how easy it was for them to draw. We had few "Picassos" in our class. We had a very relaxing time. Our instructor provided participants with drawing pads and pencils so they could continue to practice the skills they learned in class.

It's been a great class and a big thanks to the Cottonwood Center for The Arts staff and all the volunteers who made this a wonderful day
