River Deep is a newly established collaboration of like-minded organizations working exclusively to serve individuals with disabilities, many of whom served or are serving in the military. Their common goal is to acclimate, enable and engage their clients as a way to assist in the healing process, improving outlook and quality of life.

SCI HOP is a program within this collaboration that organizes group outings for clients across all the organizations to help toward this goal.

March 24th, 2019

Location: Specialty Appliance, Denver, CO.

Hosted By: River Deep and SCI HOP

Participants: Operation TBI Freedom & Ft. Carson WTB

Wild Game Cooking Class with Leslie Fangman

Our instructor, Leslie Fangman, is going to teach us how to cook what we harvest. She will be cooking up some pheasant dishes, a borscht recipe and a wild boar pulled pork dish.

The kitchen showroom at Specialty Appliance is unbelievable. It's hard to tell if the class is more interested in learning how to cook, or just wanting to taste the dishes. Either way, everyone is having a great time and if we forget the recipes, we are all given a wild game cook book written by our instructor, Leslie Fangman!

It's been a wonderful day and a huge thanks to Specialty Appliance and Leslie Fangman.
