

River Deep is a newly established collaboration of like-minded organizations working exclusively to serve individuals with disabilities, many of whom served or are serving in the military. Their common goal is to acclimate, enable and engage their clients as a way to assist in the healing process, improving outlook and quality of life.

Deer Hunt in Limon

Two Craig Hospital Grads traveled to Limon on Thursday, November 1st, for a 2-day mule deer hunt. One tag was filled by a nice buck just hours after the hunt began and although plenty of deer were observed, the second hunter chose not to shoot. Waiting for that perfect buck that just never came.

Both hunters mentioned how much they appreciated all of the hard work that went into making this hunt a reality. One hunter travelled from Montana to shoot that perfect buck while the other, who has traveled internationally to hunt large game before his injury, was able to harvest his first mule deer since his accident!

A big thanks to our guides Russell, Brad and Dawson of Russell's Gun & Guide Service.
