

River Deep is a newly established collaboration of like-minded organizations working exclusively to serve individuals with disabilities, many of whom served or are serving in the military. Their common goal is to acclimate, enable and engage their clients as a way to assist in the healing process, improving outlook and quality of life.

SCI HOP is a program within this collaboration that organizes group outings for clients across all the organizations to help toward this goal.

**April 15, 2018**

**Location:** RMS Gear, Wheat Ridge, CO

**Hosted By:** River Deep and SCI HOP

**Participants:** Craig Hospital and Operation TBI Freedom

### **Archery and Lunch with Craig Hospital and Operation TBI Freedom**

Over this past weekend, we had a good group of participants who have all been to RMS Gear at least once before, so they have the archery basics down. We can always count on the expert instructors from RMS Gear in Wheat Ridge. Everyone used the traditional recurve bows, including the kids who always have a great time.

Everyone is on the line with arrows flying, the group is shooting and doing great with the RMS Gear instructors making sure all are improving on their archery skills. We were served a delicious lunch thanks to Hardi and Kim, owners of The Ranch at West 40 restaurant in Lakewood. It's been another fun day at RMS Gear. A big thanks to Tom and the staff at RMS Gear, Craig Hospital, Hardi and Kim at The Ranch at West 40 restaurant in Lakewood, and all the volunteers.

Bob Adwar
