

River Deep is a newly established collaboration of like-minded organizations working exclusively to serve individuals with disabilities, many of whom served or are serving in the military. Their common goal is to acclimate, enable and engage their clients as a way to assist in the healing process, improving outlook and quality of life.

SCI HOP is a program within this collaboration that organizes group outings for clients across all the organizations to help toward this goal.

Location: RMS Gear, Wheat Ridge, CO

Hosted By: River Deep and SCI HOP

Participants: Operation TBI Freedom and Craig Hospital

Mother's Day Archery & Lunch

It's our Mother's Day Archery Event with Craig Hospital and Operation TBI Freedom. As always, the expert staff at RMS Gear is on hand and the range is ready to go. Our group is comprised of experienced archers and some first timers who used both traditional and compound bows. Everyone steps up to the line with their bows and instructors, and the fun begins as soon as the arrows start flying.

After a few hours of shooting, it's time for lunch and reflection. It's been a wonderful day and a huge thanks to Tom and the expert staff at RMS Gear, all the volunteers and participants who attended.

Bob Adwar
