

River Deep is a newly established collaboration of like-minded organizations working exclusively to serve individuals with disabilities, many of whom served or are serving in the military. Their common goal is to acclimate, enable and engage their clients as a way to assist in the healing process, improving outlook and quality of life.

SCI HOP is a program within this collaboration that organizes group outings for clients across all the organizations to help toward this goal.

Participants: Craig Hospital, Operation TBI Freedom and Soldiers from Ft Carson WTB

Archery instruction and a gourmet Italian lunch

Last Sunday, we had a great group of people all ready for some top notch Archery instruction from the staff at RMS Gear in Wheat Ridge. We used both compound and recurve bows. The instruction started with the fundamentals and then on to more advanced techniques. Everyone had a smile on their face, the instructors were great and all the participants were enthusiastic. We had a special treat for lunch. The Ranch at West 40 in Lakewood provided a variety of Italian dishes including salads, and cream puffs for dessert. The owners, Kim and Hardi, delivered the gourmet spread themselves...what a day!

A big thanks to Tom Clum and his staff at RMS Gear, all the volunteers and The Ranch at West 40.
