

River Deep is a newly established collaboration of like-minded organizations working exclusively to serve individuals with disabilities, many of whom served or are serving in the military. Their common goal is to acclimate, enable and engage their clients as a way to assist in the healing process, improving outlook and quality of life.

SCI HOP is a program within this collaboration that organizes group outings for clients across all the organizations to help toward this goal.

Participants: Craig Hospital and Operation TBI Freedom

Archery for Craig Hospital and Operation TBI Freedom

Over the St. Patrick's Day weekend, River Deep and SCI HOP hosted a packed house of Craig Hospital patients, Wounded Warriors, RMS Gear Staff and volunteers with over 40 people in attendance! All the participants are shooting traditional bows and some are even shooting compound bows. We are receiving expert instruction from the staff at RMS Gear. Arrows flew followed by big smiles no matter what level archer each person was. Everyone had a great time. For many of the first timers, this will be a new sport and something they can look forward to.

It's lunch time and we have an Irish feast thanks to Hardi and Kim, owners of The Ranch at West 40 restaurant in Lakewood. They served corned beef, cabbage and potatoes for everyone at the event and it was fantastic! A big thanks to Tom and the staff at RMS Gear, Craig Hospital, Hardi and Kim at The Ranch at West 40 restaurant in Lakewood, and all the volunteers.

Bob Adwar
